

```
1 // Online C compiler to run C
   program online
2 #include <stdio.h>
3 int main()
4 {
5     char a;
6     printf("Enter character:");
7     scanf("%c",&a);
8     if(a=='v' || a=='V')
9     {
10         printf("violet");
11     }
12     else if(a=='i' || a=='I')
13     {
14         printf("Indigo");
15     }
16     else if(a=='b' || a=='B')
17     {
18         printf("Blue");
19     }
20     else if(a=='g' || a=='G')
```

Run

```
20     else if(a=='g' || a=='G')
21     {
22         printf("Green");
23     }
24     else if(a=='y' || a=='Y')
25     {
26         printf("yellow");
27     }
28     else if(a=='o' || a=='O')
29     {
30         printf("orange");
31     }
32     }
33     else if(a=='r' || a=='R')
34     {
35         printf("Red");
36     }
37     else printf("invalid ");
38
39     return 0;
40 }
```

Run
